

# C-Ring & D-Ring Fastening Tools

## VA0277 D-Ring Tool:

- Lightest D-ring tool on the market, weighs only 2.68 lbs.
- Pass-by pusher design offers super-fast loading with no separate parts to lose or get damaged.
- Tough state-of-the-art glass-filled nylon housing and magazine parts for lower weight and increased durability.
- Replacement parts are a fraction of the cost of our competitors.
- Reinforced teeth are considerably stronger than competitors for less breakage and downtime.
- Over-molded, ergonomically designed tool handle grip adds to operator comfort.
- Ergonomically designed and balanced for lower wrist strain.

## VA0278 C-Ring Tool:

- Lightweight weighs only 2.8 lbs.
- Ergonomically designed and balanced for lower wrist strain.
- Simple "no adjustment" valve assembly has less parts and requires less maintenance.
- Replacement parts are a fraction of the cost of our competitors.
- State-of-the-art Magnesium and glass filled nylon components offer lightweight and increased durability.
- Over-molded, ergonomically designed tool handle grip adds to operator comfort.
