

VERSACLIPPER 900™

PNEUMATIC CLIPPING TOOL (ROLL FED)

VERSACLIPPER 900A

VERSACLIPPER 500™

PNEUMATIC CLIPPING TOOL (STRIP FED)

VERSACLIPPER 500A

Need application tools that can deliver clips on the spot?

Staple-on clips just became obsolete as Vertex continues to combine innovation with efficiency for upholstered furniture manufacturers with the VersaClipper 900 and 500 series furniture clipping tools. Both operate without restriction, allowing access to hard-to-reach places and making custom rail jobs a snap to complete. They're simple to use, reliable, and deliver clips virtually anywhere you need them!

VERSACLIPPER 500™ / 500A™

PNEUMATIC CLIPPING TOOL (STRIP FED)

Forget staple-on clips.

The new VersaClipper 500 makes staple-on clips obsolete. Portability, dependability, consistent quality, ease of use, and increased productivity are among the many reasons for improving your product by using the VersaClipper 500.

Lightweight composition. The same weight as most heavy duty staplers.

Integral nails. No need for clips and staples.

Polycord collation. No waste, no need for individual loading.

Clip is the same as the RV-1. The VersaClipper 500/500A accept the same style of clip as our automatic and semi-automatic machines except they come in strips rather than rolls. You get all the features and quality of our time-tested furniture clip.

Two models to fit your needs. The standard VersaClipper 500 is built to the single rail size that you specify. The VersaClipper 500A (pictured on front) has the flexibility to accept different rail sizes, ranging from 5/8" to 2 1/2".

CLIP SPECIFICATIONS

Part Number: SV-1
Strip Qty.: 24 clips
Case Qty.: 1,584 clips
Pallet Qty.: 114,048 clips

CLIP DELIVERY

2,000–2,500 clips per hour

AIR PRESSURE

60–100 psi (4.1–6.9 bar)

RAIL DIMENSIONS ACCEPTED

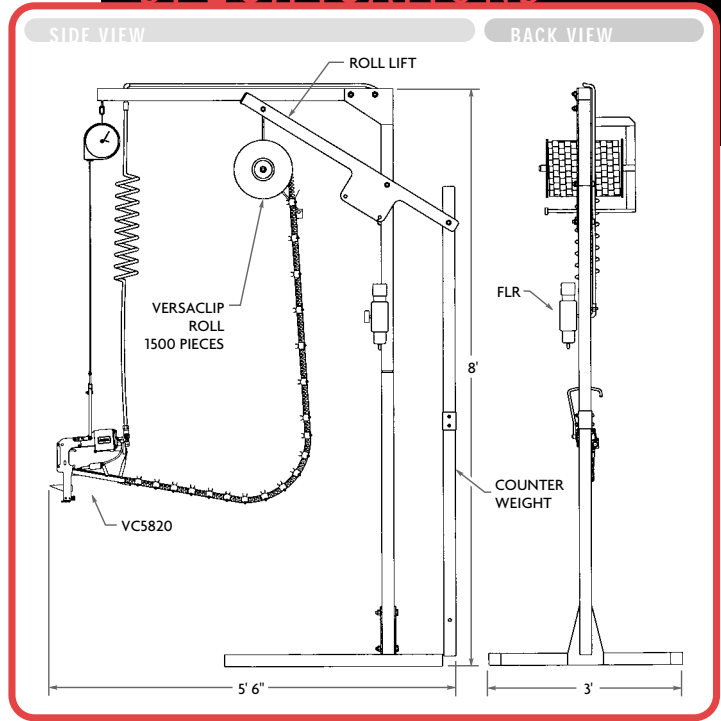

(500A ONLY)
5/8" to 2 1/2"
(15mm to 63.5mm)

Both tools use the all steel VersaClip™ featuring Vertex's patented polycord collation technology, high profile upturned edge and extended polypropylene liner. Its all-in-one design works for both back and seat rails.

Service and technical support. Vertex Fasteners is committed to providing our customers with world-class customer service and support. Our dedicated regional sales/service technicians are Vertex employees. They know the product, the business, and their customers, and are there to serve you. Vertex also has a well-trained staff of customer service, production, and engineering professionals that are ready and able to assist you.
